

ECOMMERCE DATA MIGRATIONS

We illuminate the dark with data and teach you how to use the flashlight

ECOMMERCE DATA MIGRATIONS ARE NOT EASY...

ECOMMERCE GROWTH OFTEN INVOLVES PLATFORM TRANSITIONS, WHERE DATA INTEGRITY IS CRUCIAL YET OFTEN OVERLOOKED, RISKING CRUCIAL BUSINESS INSIGHTS AND STORE OPERATIONS. LONCOM CONSULTING SPECIALIZES IN SECURE, PERSONALIZED AND SEAMLESS ECOMMERCE DATA MIGRATIONS, ENSURING FLAWLESS DATA TRANSITIONS BETWEEN PLATFORMS LIKE SHOPIFY, WOOCOMMERCE, BIGCOMMERCE, ADOBE COMMERCE, AND MORE THROUGH METICULOUS ANALYSIS, IMPROVEMENT, AND STRATEGIC APPLICATION.

WHEN MIGRATING, WE WORK WITH BRANDS AND AGENCIES TO ENSURE SEAMLESS MIGRATION OF CRITICAL ECOMMERCE DATA: PRODUCT CATALOGS, CUSTOMER DATABASES, TRANSACTION HISTORY, AND ANALYTICS. OUR METHOD TRANSFORMS PLATFORM CHANGES INTO OPPORTUNITIES FOR OPERATIONAL IMPROVEMENT AND GROWTH, SECURING YOUR ONLINE PRESENCE FOR THE FUTURE.

MIGRATIONS

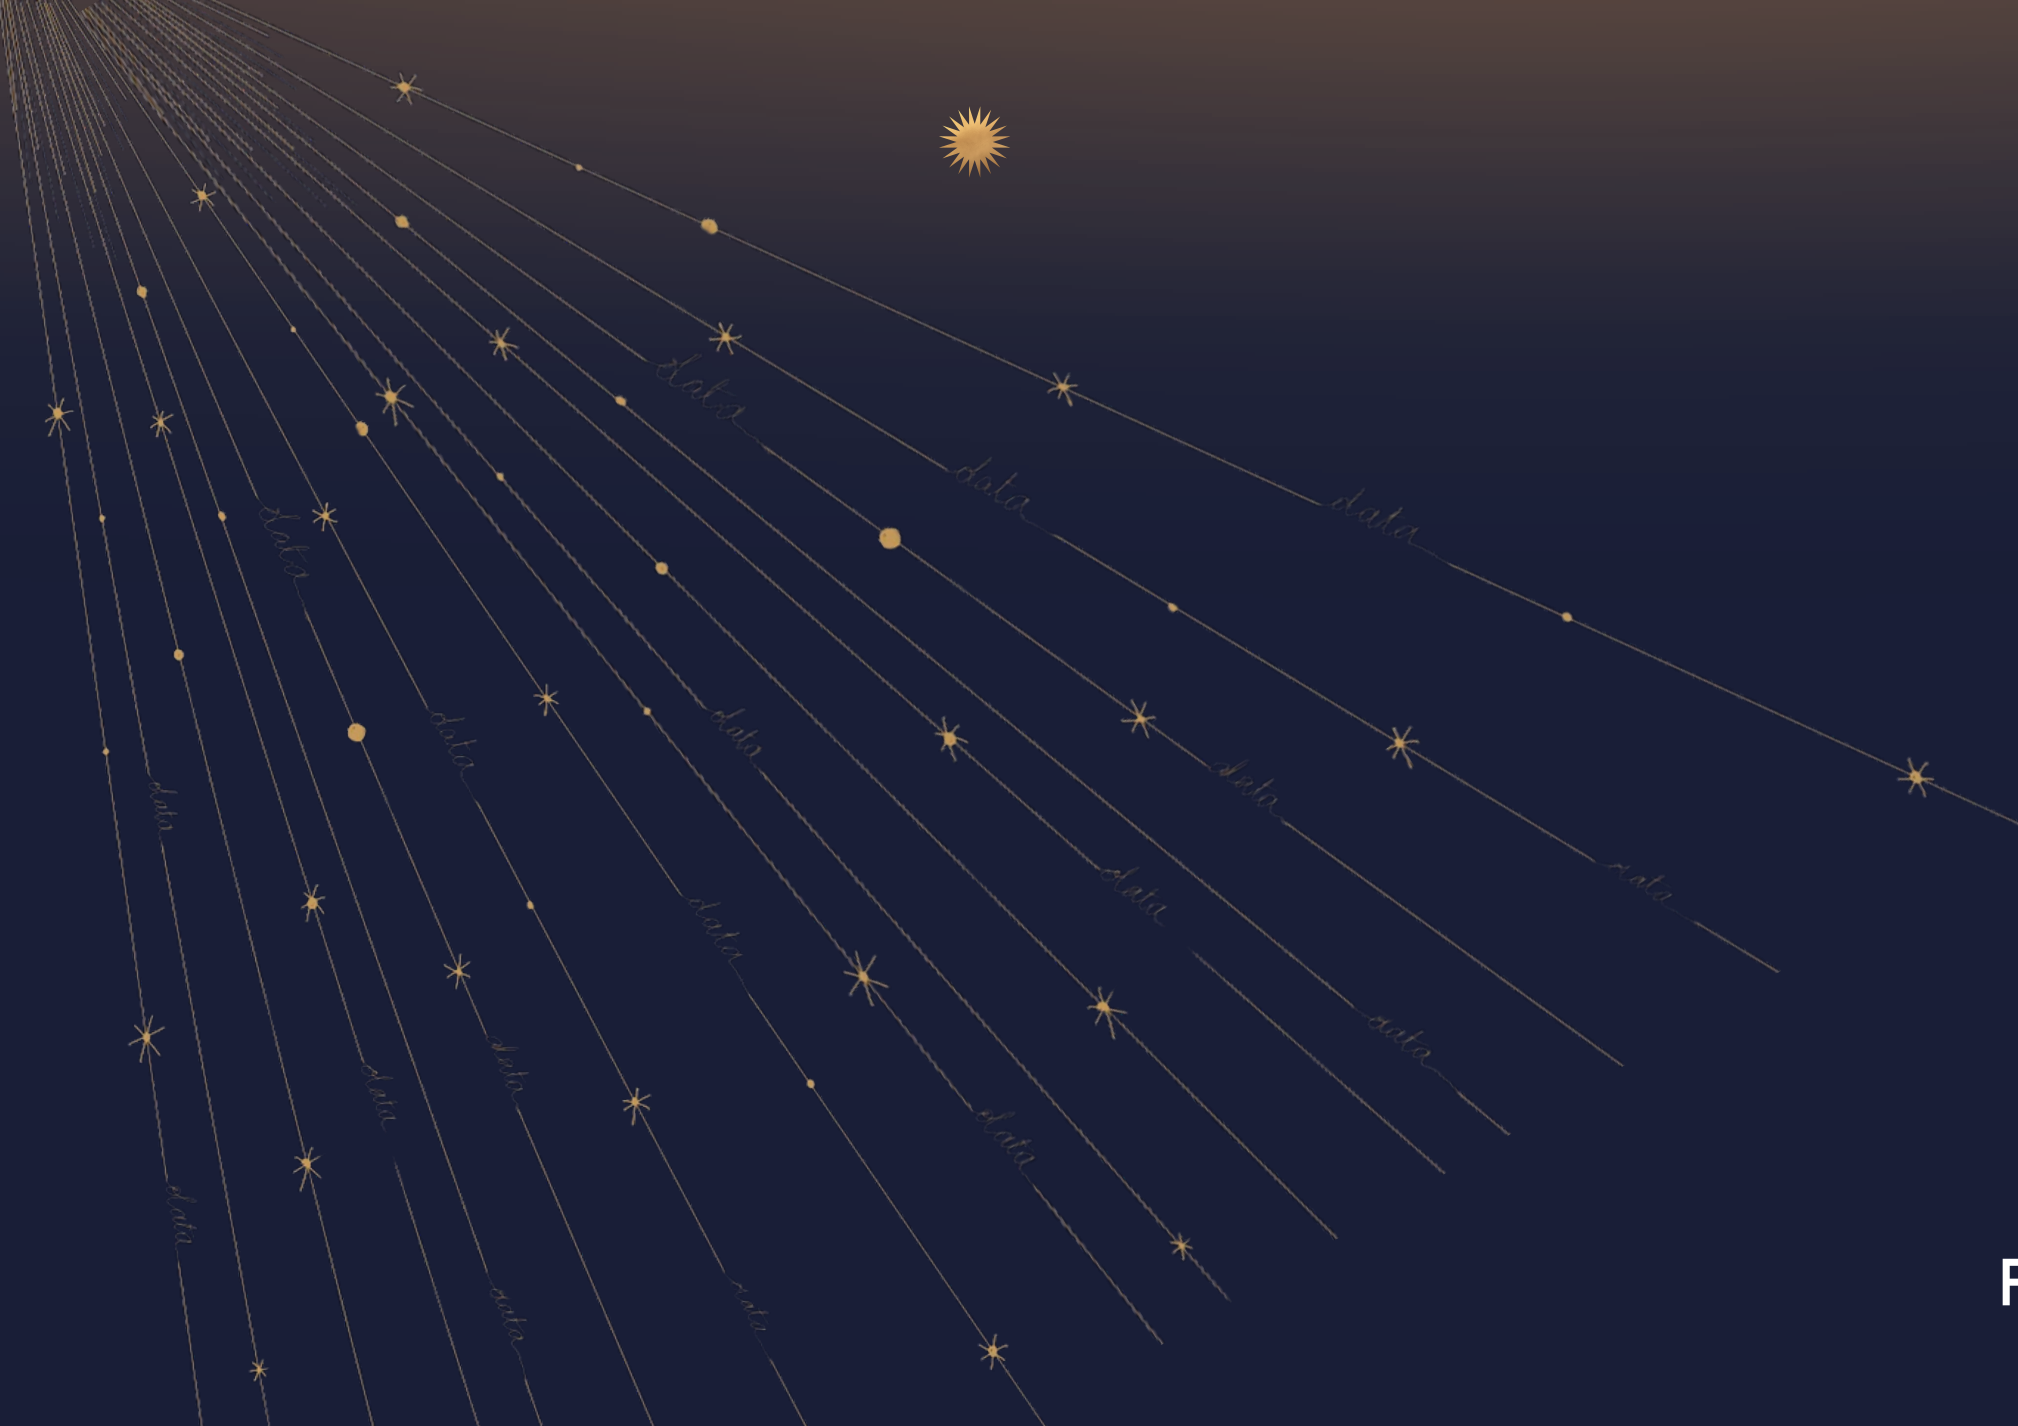

METHODS

THE APPROACH TO EACH ECOMMERCE DATA MIGRATION IS THE SAME, USING THREE PILLARS OF OUR MIGRATION METHOD:

1. **ANALYSIS** - INSPECT, ASSESS AND LEARN FROM YOUR CURRENT DATA
2. **IMPROVEMENT** - PREPARE, FORMAT, STANDARDISE AND MODIFY CURRENT DATA FOR THE NEW ECOMMERCE PLATFORM
3. **APPLICATION** - SEAMLESS MIGRATION TO A NEW ECOMMERCE PLATFORM/SYSTEM WITH THE DATA INTEGRITY PRESERVED

CLEAN DATA

MAINTAINED DATA INTEGRITY

IMPROVED DECISION MAKING

PRESERVED BUSINESS INSIGHTS

SEAMLESS ECOMMERCE SYSTEMS TRANSFER

IMPROVED DECISION MAKING

Applications We
Data illuminates the
very - new insight, new
opportunities, new potential
We turn on the lights
You turn up the lights
You start up an idea
You see what is good
You see what is better
We make it better Beautiful
turn on the lights Beautiful
things happen. Big things happen
Bright things happen Growth
Insight leads to how for you
come excitement for all the bright new
places to go to A sense of calm to
dark comes from knowing there are no
issues, before they become issues
Seeing better makes anticipating
Seeing better is doing better
Knowing what to pursue, what to let go of,
where to invest your energy, what to turn
up, what to dial down Data not
only illuminates WHAT, but also
how Not many things can do that
Here is so much of it
wanting to show these, bringing
so much light, bringing
what you see
Loncom
turns on the dark
the light.
